The following resolution was presented by Mr. J. C. Griffin in behalf of Board of Trade " Marion, N.C. June 8th 1915 -

" The Board of Directors of the Marion Board of Trade in called session, June 8th 1915, unanimously adopted the following resolution

" Whereas, It is generally agreed that the conservation of the health of the citizens

is one of the primary duties of any government
and - Whereas, the town of Marion has
no official recognized by law whose duty
it is to inspect the sanitary conditions of
the town and to see that the regulations with
regard to health are properly observed, and
whereas, certain definite information has
been received that the laws of sanitation
and health are not being obeyed in
certain sections of our town. therefore, be it
Resolved, that the Board of Directors of the
Marion Board of Trade do most respectfully
request and urge the Honorable Board of
Aldermen to elect at once a health officer
to devote as much time as he may deem
necessary in order to make an inspection
of the sanitary conditions of the town
and to see that the regulations with
regard to health and sanitation are
faithfully carried out.

Respectfully,
J. Griffin, Secretary R. F. Borton, Acting President

Health

 2. That it shall be unlawful for any person, or persons, to operate and run any motor vehicle at a greater rate of speed than seven miles an hour when approaching or crossing any street, within the corporate limits of the said town.
 3. That it shall be unlawful for any person, or persons, to operate and run any motor vehicle at a greater rate of speed than fifteen miles per hour upon any other street within the corporate limits of said town.
 4. That it shall be unlawful for any person, or persons, to operate and run any motor vehicle within the corporate limits of the said town without having and keeping the muffler on said vehicle closed; or, shall fail to display the proper number and kind of lights required by law upon such vehicle; or, shall fail to run such vehicle on the right hand side of the street, or shall round any corner of any street in said town on the left hand side thereof.
 5. Any person, or persons, violating any

of the provisions of this ordinance shall forfeit and pay, for the first offense, the sum of Five Dollars, for the second offense shall forfeit and pay the sum of Ten Dollars and for each subsequent offense shall forfeit and pay the sum of Twenty Five Dollars, and the Mayor shall have no power to remit any part of the penalty imposed in this ordinance.

The following report of City Health Officer for June 1915 was read:-

"Gentlemen:- I have made the following visits and inspections of premises.

The business section of the town, each store visited, Closets and back yards inspected, accupants notified as to how to keep premises in sanitary condition. Markets were inspected, refrigerators and contents examined. Restaurants visited, requiring screens to be put in and a daily removal of waste material. Grocery stores asked not to put anything in front that could be contaminated by flies. The city stables were ordered to sprinkle Paris Green solution on all manure removed from the stables every morning. Back of business sections has been cleaned up.

I have received the following complaints:

Closets at Southern Railway Station out of repair. Morpheus Building, basement full of water. Complaint by Mr. Morgan of ditch running behind Mam St. Residence property, west side. Water standing under Buffalo Hotel Building and in Culvert under railroad.

Closets back of Post Office, out of repair. Complaint by Mr. Burgin and C.C. Sisonly about condition of lots back of Seagle Block.

Complaint by Dave Gibson and J.P. Patton of water standing in ditch in front of their residence causing frog ponds.

I wish to make the following recommendations:
1. That the town ~~be~~ be placed at the disposal of the City Health Officer every

Monday morning, for such a period of time during the day that will be found necessary to keep the business section in a sanitary condition

2. I also ask that the Board of aldermen enact an ordinance compelling the washer women of the town who do public washing to visit the office of the Health Officer and obtain a certificate from him, showing that their homes are free from contagious diseases, especially free from tubercular disease. And I urgently ask that this ordinance be published in the paper so that the families who send washing out will ask for the certificates.

3 The stable in the of the Farm Building should either be locked up or condemned, especially the stalls on the side of the building which are now being used by everybody, thereby causing danger of fire.

4) The shed on the Buffalo Property should be cleaned out & put in sanitary condition or condemned -

upon motion the first recommendation in above report was ordered to be complied with.

upon which the second recommendation
was left open for further action.

upon motion, it was ordered that the Iron
Estate, be notified to either tear down or clear
out the stalls back of Iron Building, as
same is hereby declared to be a public nuisance
and deleterious to public health and safety.

Upon motion, the shed on the Buffalo & Hewitt
property on Anderson Street is declared to be
a public nuisance and deleterious to
the public health and safety of the town
and is condemned therefor and ordered to
be torn down

Upon motion the following resolution & order were adopted:

"Whereas, the recent floods caused the increase of the water mains from Clear Creek and thereby cut off from the Citizens of Marion the source of water supply; and whereas, on account of the failure of the water supply, the sanitary condition of the town is now in a condition which calls loudly for relief, and which is calculated to produce an epidemic of disease in said town;

"And whereas, the restoration of the water supply to the citizens of the town has become a prime necessity, and it is necessary to improve the sanitary condition of the said town;

And whereas, the reservoir is too small for the storage of a sufficient amount of water to supply the needs of the town in case of fire, and to keep the town in a sanitary condition, and the enlargement of the capacity of the reservoir is absolutely necessary in case of an emergency, such as we are now passing through;

And whereas, owing to the depleted condi-

tion of the Treasury of the said town, it is necessary to raise a large sum of money with which to restore the supply of water to the citizens of the said town and to make necessary improvements in the Sanitary Condition thereof, and to enlarge the capacity of the reservoir, as aforesaid.

"It is therefore, ordered by The Board of Aldermen that the Mayor and Secretary of the Board be and they are hereby authorized and empowered to borrow such sum of money as may be necessary not to exceed \$7500. at the lowest possible rate of interest for the term of six months, such sum being necessary to make the necessary repairs to the Water Main from Clear Lake to place the town in a sanitary condition and to enlarge the reservoir to the additional capacity of one million gallons.

"It is further ordered that the Mayor and Secretary of the Board be and they are hereby authorized and empowered to execute such notes of the town of Marion as may be necessary to borrow the ~~aforesaid~~ sum of money."

The foregoing Petition was presented and approved:-

"To the Mayor and Board of Aldermen of the town of Marion:-

"We, the undersigned citizens and residents of Marion, most respectfully petition your Honorable Board and set forth:-

"That the house and premises around the house wherein the family of Ernest Buckridge now lives on Logan Street in Marion are just to the rear of the livery stables of R. L. Gilkey create a stench in the community surrounding it and constitute a menace to the public health of the community, for that:- There is no sewer or water connection in the house; that the sewer connection in the rear of the Eagle Hotel is merely a subterfuge

in that it is not used by the occupants of said house; on the contrary all manure of stock and filth is thrown and dumped around the house; that the front door of the house is at the rear door of the livery stables of Mr. Kelley; that in the summer of 1915 a case of typhoid fever was had in the house and the physician attending the family now pronounces that there is another case of typhoid fever in the family; that the stork from the premises are so strong that people living in the community are annoyed and their health and lives endangered by reason of the filth and stork about the house and premises;

"Wherefore, we respectfully pray that your Honorable Board will condemn the said house and premises as unfit for occupancy by human beings, as a menace to the public health of that section of town and as a public nuisance; that the owner of said house be notified of the condition and required to remedy it:

"Respectfully submitted, This account
4th 1916
signed; - J. E. Whitton, Wm. Gosson, J. Story
J. Griffin, Wm. Lorne, J. J. Lockman
J. A. White, C. H. Brumgarden, Fay S. Thompson
W. H. Hoby, R. L. Kelley

After consideration of the foregoing petition the following order was made and adopted to wit:

"State of North Dakota,
County of McPherson.

"A petition having been presented to the Board of Aldermen by residents of the town of Marion setting forth the unsanitary condition of the house and premises where Ernest Luckbridge now lives in the rear of R. L. Kelley's livery stable; which said condition are a menace to the health of the

residents of said town, and requesting that the said house be condemned as unfit for human habitation in its present condition, and further requesting that the said unsanitary condition be abated.

"After careful consideration by the Board and the report of the Sanitary officer of the town as to the conditions surrounding the said house, it is, therefore, ordered by the Board of Aldermen that the said house be, and the same is hereby, condemned as unfit for human habitation.

"It is further ordered that G.W. Crawford, the owner of said premises, and Ernest Puckridge, the occupant thereof, be notified of the enactment of this ordinance.

"It is further ordered that, unless the said house be connected with the sewer line and water placed therein and the sanitary conditions be made satisfactory to the health officer of the town and the work be commenced within five days from the date hereof to make said sewer and water connections and completed within ten days, and said unsanitary conditions abated within ten days from this date, then the Marshal of said town is hereby directed to evict the said occupant and his family from said premises and close the said house and permit no one to live therein, so long as said unsanitary conditions remain.

"That upon failure to comply with the provisions of this order the owner, or occupant, or both, be fined, as provided by the Water & Sewer ordinance of the town of Marion and as provided by the laws of North Carolina relating to health.

"It is further ordered that the Marshal serve a copy of this ordinance upon both G.W. Crawford and Ernest Puckridge forthwith.
