PLEASE NOTE: THE CITY WILL MAKE THE WATER AND/OR SEWER CONNECTION AT THE PROPERTY LINE. IT IS THE OWNER'S RESPONSIBILITY TO INSTALL THE SERVICE LINES ON THE PROPERTY AND TO CONNECT TO THE STRUCTURE.

In order for this application to be processed, a detailed description or accurate drawing must be provided by the applicant.

The attached graph paper should be used for the drawing. Please include the service address, street name(s), and adjacent property information such as house numbers. When necessary to properly process the application, the Public Works Director may require the submittal of project specific engineered drawings and/or detailed specs.

Applicant_____
Date

Vicinity Map:

1. Show Name, Physical Address, and Phone Number.
2. Show House/Business structure location in relation to road and driveway.
3. Show and Label other Streets/Cross Streets as a reference.
4. Indicate approximate location for Water Meter placement
(ie: X feet right of driveway, Y feet left of pole).

Meters will be placed at or near the requested location along the road right-of-way. However, conflicts (above and below ground) may cause meter location to shift slightly. Meters must be placed 5 feet minimum from any property line.
